the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995 (Department of Health 1996).

There is a growing emphasis on the need to improve the efficiency of the public sector, and to ensure that the public sector is able to deliver the services that are required by the public. This has led to a number of initiatives, including the introduction of competition, the restructuring of public sector organisations, and the introduction of new management practices.

One of the key challenges facing the public sector is the need to improve the quality of services. This is a challenge that is being met by a number of initiatives, including the introduction of new standards, the introduction of new management practices, and the introduction of new technologies.

Our School

Our school is growing. It now ranks as the second largest school in Jasper County, and its continued growth seems to be assured.

Our growth has been accompanied by a greater offering of subjects that will more adequately equip us in our struggle for success.

The Class of 1942 is proud to join the alumni ranks of DeMotte High School.

the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 1999).

There is a growing awareness of the need to address the needs of people with mental health problems, and the importance of providing them with appropriate services. This has led to a number of initiatives, including the development of mental health services, the establishment of mental health trusts, and the implementation of mental health legislation. The aim of this paper is to review the current state of mental health services in the UK, and to discuss the challenges facing them in the future.

The paper is organized as follows. First, we discuss the current state of mental health services in the UK. Then, we discuss the challenges facing them in the future.

The current state of mental health services in the UK

Mental health services in the UK are provided by a number of different organizations, including the NHS, local authorities, and private providers. The NHS is the largest provider of mental health services, and is responsible for the majority of the funding. Local authorities also provide a range of services, including community care, housing, and social services. Private providers are also active in the market, providing a range of services, including therapy, counselling, and medication management.

The current state of mental health services in the UK is characterized by a number of challenges, including:

• A growing demand for services, driven by an increase in the number of people with mental health problems.

• A shortage of resources, particularly in terms of staff and funding.

• A lack of coordination between different services, leading to fragmented care.

• A lack of evidence-based practice, leading to inconsistent quality of care.

• A lack of training and development for staff, leading to a skills gap.

• A lack of research, leading to a limited understanding of the needs of people with mental health problems.

• A lack of public awareness, leading to stigma and discrimination.

• A lack of involvement of people with mental health problems in the development of services.

• A lack of evaluation of services, leading to a limited understanding of their effectiveness.

• A lack of funding, leading to a limited range of services.

• A lack of training and development for staff, leading to a skills gap.

• A lack of research, leading to a limited understanding of the needs of people with mental health problems.

• A lack of public awareness, leading to stigma and discrimination.

• A lack of involvement of people with mental health problems in the development of services.

• A lack of evaluation of services, leading to a limited understanding of their effectiveness.

• A lack of funding, leading to a limited range of services.

• A lack of training and development for staff, leading to a skills gap.

• A lack of research, leading to a limited understanding of the needs of people with mental health problems.

Senior Class History

In the fall of 1938 we started our high school career as "freshies" with twenty-two members.

The class officers of our first year of high school were as follows: President, Fred Zeck; Vice-President, Eileen Bailey; Secretary, Lucille Hudnall; Treasurer, John VanKley. Our sponsor was Mr. Ewart.

A few weeks later we were initiated by the Seniors. That fall we had a class party, and another one in the spring.

After a four months vacation we again entered high-school only this year we were Sophmores, with thirty-three members. Our officers for this year were: President, Arthur Schoonveld; Vice-President, Warren Cornell; Secretary, Betty Jean Cornell; and Treasurer, Sue Cox. We chose Mrs. Bernard for our sponsor. This fall we had a skating party at Hebron.

After spending another four months of hard work and a vacation we came back to school as Juniors. We had twenty-seven members this year, as some of them had moved away or had quit school. Our chosen officers for this year were: President, Malcolm Boezeman; Vice-President, Fred Zeck; Secretary, Lucille Hudnall; Treasurer, Herbert Hook. Miss Wake-man was chosen as our sponsor. This year on December 3 we presented our class play entitled, "The Wild Oats Boy." We had two skating parties at Lowell.

(Continued on Next Page)

Towards the spring of this year we received our class rings. My! the proud look on our faces, and oh! the envious look on the faces of some of our under-class men.

In the month of April we financed a trip for the Seniors. We took them to Chicago where we visited several places of interest.

When we returned last fall to finish our high-school career, one of our members had decided to leave us and by the time two months of school had passed another one left us, so we went on with our last year with twenty-five members. The class officers chosen for this year were: President, Marvin Bernard; Vice-President, Gertrude Dykstra; Secretary, Lucille Hudnall; Treasurer, John VanKley. Mr. Ruch was chosen as our class sponsor, but left us in the middle of our Senior year. At the beginning of the second semester Mr. Stephens was elected as our sponsor.

Our motto is "Sailing on the Sea of Victory—May We Succeed." Our colors are blue and silver.

Our Senior play presented on the evening of November 7, was entitled "Aunt Susie Shoots the Works."

We are planning the seventh edition of the Keen Keener.

We have nearly reached the end of our schooling in the DeMotte High School, and as we go out into the world to earn our own living may we heartily wish one another true happiness, the best of luck, and plenty of success in whatever we do.

Senior Class Poem

By—Gertrude Dykstra

Attention Everyone! and please make way
For twenty-five patriots of the good U. S. A.
I'll try my best to describe to you
Each member of this class of "42".
First of all I would like to write
A verse of our sponsor and he's "all right".
Mr. Stephens, who came in December,
A coach and teacher we'll always remember
Next on the list is a girl called Charlotte.
To our class she means quite a lot,
She's short and stout, as you can see,
And when there's work she's like a bee.
Pretty as a flower and sweet as the dew,
Never says anything without a giggle too.
She has not an enemy I am quite sure.
A friendship with Eileen will long endure.
Marvin Bernard, our class president,
To West Point, he plans to be sent.
Who is his girl friend? I don't know.
In making his mind up he's rather slow.
In his ninth year he came to our school.
He's quiet, good and minds the rule.
Malcolm Boezeman is his name.
An excellent star in our basket-ball games.
Hear her voice once and forever you'll linger
Near Marilou, our sweet little singer.
To someday sing in opera is her one aim.
We wish her luck and lots of fame.
Now about Inez I'll write a line,
She's the girl who has quite a time
To concentrate on studies instead of her thrill
The one and only, true blue Bill.
Kenny. I must say is a friendly chap,
Never wears frowns, but smiles on his map.
And those who will meet him are sure to say
Now there's a fellow that is "okay".
Why Goldie is called Goldie I can't see.
Her hair is so brown, as brown could be.
Her cheeks are so rosy and spirit so gay,
And with all boys she sure has a way

(Continued on Next Page)

Tillie is the girl with lovely dark hair.
 Eyes that sparkle and a complexion rare.
 Just mention a boy or two that she knows
 And you'll make her blush as red as a rose.
 Now lets see, who is next on the list,
 I rather not mention her, but if you insist.
 She has reddish-blond hair, most seem to agree,
 Can you guess who? Why yes, its me.
 Jean Hoffman has a complexion fair,
 Disturbed by freckles here and there.
 Very little time for boys she finds.
 Now, did I or didn't I fibb in that line?
 A lass I'm sure you would like to meet
 Is Lucille Hudnall, who can't be beat.
 Someday she hopes to find her joy
 By winning the heart of a Senior boy.
 After Anne graduates she plans to go higher;
 Will learn to be nurse, her earnest desire.
 And so Anne, our class sincerely wish you
 A life of success and happiness too.
 Maurice Oliver has a quiet way
 But in history class, has lots to say.
 With skin so brown and hair so dark
 In this world, he'll make his mark.
 Richard, a boy who tried and was able
 To raise a mustache like that of Clark Gable.
 Tall, dark and handsome all girls do agree.
 His greatest ambition is to join the army.
 Martha Pruis, gay like most girls.
 Has pretty blue eyes and many curls.
 But how, all we girls would like to know
 Can she like the subject, Bookkeeping so?
 Brown hair, brown eyes and very mysterious,
 Always wears ribbons, has a laugh delirious.
 The editor of our paper, a job which was hard,
 We show our gratitude to you Esther Ruisard.
 As an editor, he did quite well,
 As a classmate, we think he is swell.
 In all activities he sure did his part.
 What is his name? We call him Art.

(Continued on Next Page)

Marcella Swanke is short and dark,
Has eyes that twinkle and give a spark.
Don't worry, Marcella, about height that you lack
For valuable gifts come in small packs.
Another classmate of whom we're fond
Is Edith, the girl with hair so blonde.
She's rather quiet but loves to tease,
Tells her jokes with the greatest of ease.
Johnnie VanKley, our big blonde Dutch hoy
In our class, has added his bit of joy.
His smile is so big and actions quite silly.
In short explanation "We think he's a dilly".
Jeanette VanderPloeg, I like to say
Is very friendly and always gay.
Confidentially, we'll keep it no mystery
She likes bookkeeping like I do history.
Frances is tall, and dresses real neat,
Thinks that Basket ball can't be beat.
Not only my friend but Lucille's as well,
Truthfully, we all think she is swell.
Elizabeth, I can say is a quiet little lass,
And whom we consider an attribute to our class,
Charlotte and her you can never part,
Their little friendship comes right from the heart.
I'm really worn out thinking what next to write,
But I can't leave out Fred "Oh not on your life".
Not in subjects does he float to the top,
But as a classmate, he's the cream of the crop.
And now to our teachers and classmates too,
We must bid a sad "adieu".
Proud we feel and why, you can guess,
For we will graduate from the D. H. S.

Class Will

—Marvin Bernard wills his "Lizzy" to anyone who will have it. He says it freezes up in August and thaws out about May, and above all National Defense needs tires.

—Eileen Bailey wills her steady "Bow" to Rosie Schlarp, may Rosie have longer engagements in "42".

—Malcolm Boezeman wills his basket ball playing to Walter Mak we all hope Walt will be a good player next year.

—Charlotte Barker and Elizabeth Woudema will their quiet but studious ways to Florence Hoffman. "We Seniors", think she needs it.

—Marilou Cheever wills her solo parts in chorus to Delpha Heimlich, we all wish Delpha loads of luck with her new line of work.

—Inez DeFries wills her "Miss" part of her name to Eleanor Hershman. We know Eleanor won't have much use for it either, but she can always change it into "Mrs." as Inez plans on doing.soon???

—Goldie and Tillie DeKoker are happy to give their sweet smiles and friendly ways to Alice Hanson, may Alice profit from this will.

—Gertrude Dykstra wills her books full of "Ch'cken Scratches" (More commonly known as Shorthand) to Marge Konovsky. We hope you will enjoy it Marge, she did.

—Jean Hoffman and Anne Kleinblossom will all the gum that was willed to them last year to Jane Shney. We decided it was too gummy and rather flavorless so its all yours Jane.

—Lucille Hudnall and Frances Walstra will the whole town of Wheatfield (including the Bierma boys) to Hazel Punter. Take good care of them will you Hazel?

—Kenny DeFries and Johnny VanKley will all their hunting equipment to Anna Klip. Bring home some rabbits Anne. Kenny said he was through hunting since he found "Biddy".

—Martha Pruis wills her lovely Civics Book to Dorothy Zaberdae we all hope Dorothy likes it lots better than Mart did.

—Eather Ruisard and Edith Tysen will their lovely hair to Bernice VanderPloeg. With her own pretty hair may she be the loveliest debutante of "42".

(Continued on Next Page)

—Arthur Schoonveld wills his “way with the Freshie girls” to Bill Hoffman. We always knew he would be a “ladies man some day”.

—Maurice Oliver wills to Junior class as a whole the ability to argue.

—Jeanette VanderPloeg wills her Dutch decent and her Indian heritage to Alice Systma. Quite a combination Alice.

—Dick Osting wills his ability to “win out with a woman” to Dale Schwankee. Dale will probably be a second Don Juan some day.

—Fred Zeck wills his kind and loving heart to Cordelia Kooy. She will never regret this wonderful offer I am sure.

TO OUR TEACHERS

—To Mr. Ewart—We the Class of '42 will “ourselves” the most brilliant class that ever left the DeMotte High School.

—To Mr. Stephens—All “wise cracks” we have left over from Bookkeeping class.

—To Mr. Ely—A class of Agricultural boys that know their “Rose Buds” when they see them.

—To Mr. Downing—The assembly bell, we have noticed in the past year that he enjoys playing with it.

—To Mrs. Flick—All the dark blue wool socks in town. And a Library that is kept in order.

—To Mrs. Murphy—Our Literature Book and all the quaint stories that we never understood.

—To Miss Keever—A bigger and better band in the coming years and also we hope she will be a Ministers' wife some day.

Senior Class Prophecy

Well, 1952 is here at last! It's been ten years since we graduated from DeMotte. Who'd ever think that so many things could happen in ten years. I am now a personal secretary.

I see by the headlines of today's newspaper that Marcella Schwanke is making her debut in tap dancing this evening at the Chicago Civic Opera House. The great professor of dancing, Maurice Oliver, has been her teacher. It also says that John'n'e VanKley, the dare-devil hell driver, won last night's race by a large margin. Maybe that was because Esther Ruisard, his wife, was on the sidelines rooting for him. Well, well, here is an advertisement saying, "Used Cars For Sale, see Arthur Schoonveld for good bargains." (I wonder if he got his start in High School?) There are also some beautiful dresses pictured here, styled by Elizabeth Woudema and Charlotte Barker, the two greatest fashion designers of today.

The other day I had to be at work an hour earlier, and imagine my surprise when I met Kenny DeFries, who turned out to be our milk-man. After talking to him for a few minutes, I found out that he and his wife, the former Martha Pruis had just been blessed with a new arrival. I went to see Martha and Jeannette VanderPloeg is one of the nurses there. She told me that Fred Zeck, the great trapeze artist, is just recovering from a broken leg which he received when he and his partner, Edith Tysen fell from a broken trapeze. It is rumored that Edith and Fred plan to be married soon.

(Continued on Next Page)

A few weeks ago, my employer told me that we were to go to South America on business. We flew there in a private plane owned and operated by Malcolm Boezeman. It was evening when we arrived, so instead of starting our work then, we attended a few night clubs. In one of the clubs, I was delighted to see Gertrude Dykstra, the great dancer, and I noticed that Goldie DeKoker and Jean Hoffman were cigarette girls. On my way out, I saw that Marilou Cheever was the hat-check girl.

We stayed over-night in a hotel owned by Eileen Bailey.

The next morning we went to the office of Richard Osting, President of the Universal Motorcycle Parts. His private secretary, Lucille Hudnall, and I lunched together that afternoon. We had a grand time.

We flew back to the United States the next morning.

Yesterday was my day off and I was just going home when I met Inez DeFries and Frances Walstra. They are newspaper reporters and they told me they were going to interview the scientist Marvin Bernard and his assistant, Tillie DeKoker. They asked me to join them for lunch, but I had a previous engagement and so couldn't accept.

In the last few weeks I have seen all of my schoolmates and I am glad to say that all of them have made something worth-while out of themselves.

Seniors' Opinions of Teachers

Mr. Ewart—A real Booster for Defense Stamps and Bonds. Likes to give history tests on Friday.

Mr. Ely—Stops us when we run through the halls. Still his favorite saying, "Theoretically yes—actually no". Nick name, "Red Bud".

Miss Keever—A real choral and band director. Knows her sharps and flats. Keeps the bus line from Chicago to DeMotte busy.

Mrs. Murphy—A real believer in English and literature. Likes to make the seniors write themes. Couldn't get along without her Ford.

Mrs. Flick—Doesn't believe in getting her feet cold. Too big a task to keep the assembly quiet. Wouldn't miss a ball game.

Mr. Downing—Likes to erase blackboards. He adores his seventh graders. Really knows his mathematics.

Mr. Stephens—Has a relapse after every ball game. Too interested in Bookkeeping when we want to talk about something else. Very good at remembering dates. He has an automobile—at least he calls it that.

Junior Class History

This year the Junior class, greatly decreased in number, elected Rose Schlarp as president, Cordelia Kooy as vice president, Bernice Vanderploeg as treasurer, and Delpha Heimlich as secretary.

We gave a skating party early in the fall and are now planning our junior play, which is to be given March 17.

We retained our sponsor, Miss Keever. Our class colors are old rose and silver; and our motto, "We build the ladder by which we rise".

Sophomore Class History

There are 26 members in our class this year. The officers are Bertha Vandermolen, president; Sigmund Boezeman, vice president; Lois Lageveen, secretary-treasurer. Our sponsor at present is Mr. Downing. Earlier in the year Mrs. Ruch and Mr. Hinton were our sponsors.

The first semester we had a roller-skating party and December 17, we had a Christmas party. Gifts were exchanged and refreshments served. We hope to have another party this semester.

Freshman Class History

There are thirty four members in the Freshmen class. We elected as class officers, James Fieldhouse, president; Kenneth Brooks, vice president; Barbara Rowen, secretary; and Richard Hendrichs, treasurer. We chose Mr. Ely as our sponsor.

The class had a roller skating party in October. We also enjoyed the initiation the seniors gave us.

Our class colors are yellow and blue, and our class motto is "If we rest we rust."

Junior Class

The eighth grade in 1942 had twenty-six members. Alice Rowen is president; Frieda Mae Cheever, vice president; Charmaine Hockney, secretary; and June Swart, treasurer. Mrs. Murphy is class sponsor.

Seventh grade

The seventh grade class entered school with twenty-six members. Mrs. Ewart was their first teacher. The class now has thirty-five members. The class officers are as follows: Margaret Ann Curtin, president; Kenneth DeVries, vice president; Mary Ellen Curtin, secretary; Margaret Schoonveld, treasurer. Mrs. Flick is sponsor of the class.

Sixth grade

When school started in the fall the number of boys outnumbered girls 18 to 12. Since school has begun 5 new students have entered our class and everyone a girl! Now the count is about even—18 boys, 17 girls totaling 35. The girls who have come to us from other schools are Thelma Powers from Newland, Mary Ethel Richards from Wheatfield, Mildred Holliday from Thayer and Alberta Klemp from Boone Grove. Helen Zabrdac enrolled late.

Fifth grade

At the beginning of the school term the boys made-up about two-thirds of our group. As all the new pupils we have received are girls we are now more evenly divided. There are now thirty-five children in our grade.

Fourth grade

At the beginning of our school year we enrolled 32 children. To this group were added Grover Powers from Newland, Reita Rose Richards from Wheatfield, and Lillian Bulow from SanPierre. During our Christmas holidays Beatrice Dunham decided to withdraw from here moving to Michigan City. We now have 34 in our room.

Third grade

There are thirty-three boys and girls in the third grade. Betty Marsh was with us until Thanksgiving. Clarence Holiday is a new pupil who came just before Christmas.

Second grade

We have had forty-three children enrolled during the year. Raymond Marsh moved to Shelby and Patsy Chrzanowski moved to Chicago. Howard Belstra is the youngest child in our room.

First grade

Twenty-eight children enrolled in the first grade in September 1941. During the first semester four new children enrolled, Edna and Robert Stater from Maywood, and James and Jilson Holiday from Thayer. George Hamstra enrolled in September but withdrew because of illness. Our enrollment at the end of the first semester was 31.

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million, and the number of people aged 75 and over has increased by 1 million (Office of National Statistics 2000). The number of people aged 85 and over has increased by 0.5 million.

There is a growing awareness of the need to address the needs of older people in the community. The Department of Health (1999) has published a strategy for older people, which sets out the government's commitment to improve the lives of older people. The strategy is based on the following principles: older people should be able to live independently, safely and comfortably; older people should be able to participate in the community; and older people should be able to access the services and support they need.

Schwanke, and M. Cheever. Joke Editors are M. Oliver and J. VanKley.

Library

This year the school library has been under the direction and guidance of Mrs. Flick. In the early part of the school year our library was completely rearranged to a better advantage with the help of several students and a state librarian. The library has acquired several new books and magazines during the school term. The librarians are made up of the high school girls.

Beginning Band

The Beginning Band was organized last October and has been practicing one period each week since that time. At present we have the following instrumentation: five cornets, four clarinets, four alto horns, one tuba, bass drum, cymbals, three trombones, one saxophone.

The Beginning Band expects to join the other beginning bands of this county and will play at the Music Festival. They will play such numbers as "Abide With Me", "All Through The Night", "Glory of God", "Merry Widow Waltz". All members are eagerly looking forward to the day when they will be ready to enter the big band and will wear a red and white uniform.

Girls' Chorus

The girls chorus under the direction of Miss Keever is composed of 29 girls of the high school. Several selections have been learned. The chorus has presented some of their numbers at P. T. A. programs.

They have also sung with the Keener Male Chorus.

In the spring they plan to sing at the Music Festival and also at the school exhibit.

Band

Our High School Band has been very active this year. We have played at all home basketball games, at a Navy Recruiting Program at Wheatfield and we even went to Remington to play with their band at the Remington-DeMotte basketball game.

At the Jasper County Music Festival at Rensselaer the band will join with other county bands to play such numbers as: "Deep In My Heart", "Americana Overture" and "Lyceum Overture".

During the past summer the band gave a concert each Saturday night with Miss Keever, regular director, and Robert Swart guest conductor.

Boys' Chorus

There are twelve boys in chorus this year. We have a small chorus compared with other years, and it seems that our chorus gets smaller every year. We are under Miss Keever's direction again this year. We have been working on several three part male choruses. "Just Singing Along", "The Three Jacks" being the ones that the boys most enjoyed. We also have been rehearsing some songs which we will sing with the girls chorus. We have sung at the P. T. A. with the Keener Male Chorus. We are rehearsing some songs which we plan to sing at the Jasper County Music Festival this spring. Shirley Hart is our accompanist.

We sincerely hope that more boys will come out to join in song for some real enjoyment next year.

Boosters' Club

The Booster's Club consists of 16 members, all of whom are girls. It was organized this year in place of an Athletic Club. The officers are Delia Kleinblossom pres., Anne Kleinblossom-sec., Lois Lageveen-treas. These girls sell candy at the home games and arrange for a bus to go to out of town games. Besides these duties the girls try to make a better school spirit by setting an example.

Yell Leaders

At the beginning of our athletic and sport season, the high school voted for the cheer leaders. They were to be chosen from the Senior High School. They were: Jeanne Hoffman, Genevieve Wright, and Evelyn Oating. They have worked hard during the school year and have made our cheering section a real success.

Papooses

Although the grade team will be riddled because of losing five players, the prospects for next year are rather bright. The team this year has performed rather well. They have shown fine team play and spirit and attitude. This was a great aid in compiling a season's record of 5 won and 2 lost. Games were won from Wheatfield, Roselawn, Kniman and Gillam. Games were lost to Parr and to Fair Oaks. There was no outstanding star on the team, but all of the boys cooperated in making this year's grade team a success. A good foundation for basketball has been laid and in a few years these boys from the grade team will be the high school stars.

Football

The football team of 1941 was not the success it should have been. The boys were good size and fast, but one thing the boys lacked was experience. The team lacked the ability to throw blocks and other fundamental tactics that are necessary to have a winning team. The team did a little better than the team of '40 by winning a hard-fought battle against Fair Oaks. The school can look forward to a better football team in '42 as a number of younger boys have shown signs of becoming good players.

Basketball

This year we have had a large number of boys out for basketball. We also have been fortunate in having four first stringer boys back from last year. The boys were very successful this year by winning another trophy for the school in the Blind tourney. There is a big chance for a bigger and better team next year. Summaries are as follows with exception of those which were not played when the Annual was sent to press.

Track

Our track team last year started a good season by winning their first game from Wheatfield in an interesting meet. We won the next meet with Fair Oaks. The track meets are always exciting and thrilling. We took part in a four way meet at Morocco with Mt. Ayr, Fair Oaks, Morocco, and DeMotte won third place. At DeMotte we had a meet that included Wheatfield, Fair Oaks, Tefft, Mt. Ayr, and DeMotte. Mt. Ayr won this meet. The track season for DeMotte ended with our meet with Crown Point. This meet was won by a large margin, several of our boys getting a number of ribbons. After the season was closed we found several of our track boys had made quite a collection of ribbons for winning good races. Our prospect for our next season looks fair.

the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 12.5 million, and the number of people aged 75 and over has increased from 4.5 million to 6.5 million (Office of National Statistics 2000).

There is a growing awareness of the need to address the needs of older people in the community. The Department of Health (1999) has published a strategy for older people, which sets out a vision for the future of older people's health and care. The strategy is based on the following principles: older people should be able to live independently and actively; older people should be able to access the services they need; and older people should be able to participate in decisions about their care and services.

The strategy also sets out a number of key objectives for the future of older people's health and care. These include: to improve the health and well-being of older people; to ensure that older people have access to the services they need; to ensure that older people are able to participate in decisions about their care and services; and to ensure that older people are able to live independently and actively.
